TAKING THE LEAD IN QUALITY AND EXCELLENCE, SINCE 1956!

ARIA

World Class Guitars!

At Aria It is our aim to make great instruments that inspire musicians of all abilities. If you are just beginning guitar playing or you are an accomplished player we place the same level of importance on quality, playability and value.

We have been designing and making fretted instruments for 49 years, which means a wealth of experience and acquired expertise. Great Instruments don't just happen. Our design team, themselves all players, work constantly with our endorsees and our factory craftsmen to make Aria guitars the best they can possibly be.

At Aria we constantly strive to achieve a higher level of excellence, quality and value for musicians.

Enjoy the catalogue and many years of playing!

President and founder of Aral & Co., Inc.
Shiro Arai

PE Series

Introduced in the 1970s the PE Series has become a classic of the Aria range. Featuring our patented body design, Aria heel-less neck (on set neck models), which allows easy access to the higher frets, and the patented PE bridge and tailpiece, for quick and easy string changes.

The range includes the renowned PE 1500, a reissue of the 1976 model. From our Custom Shop comes the PE Extreme and the PE Inspire, which features a semi-hollow body construction for increased resonance and sparkle.

The PE Anniversary features a stunning quilted maple figured top, abalone purfling and position markers, and the superb Duncan Design pickups. The PE Elite and Studio feature all the virtues of the PE styling and offer the heel-less set neck in the Elite and amazing value in the PE studio. The PE Standard offers a vintage look and feel.

PE-1500RI '76 Reissue

MAC Series

The MAC Series features double cutaway, arched top bodies and slim 24 fret bolt-on necks. Available in three different pickup configurations, providing ample tone variety and flexibility. Locking and non-locking vibratos are available and there is a fixed bridge option (MA 55). Choose the cool looking matt colours of the MAC 35 and 57, the great see-through colours and figured tops of the MAC 45, 50, 55 and 60, or the classic solid colours of the MAC 30 and 40. The new MAC 45 features a new slim MAC body, Flamed maple top and humbucker, single, humbucker pickup configuration, locking vibrato and satin chrome hardware.

XL SERIES

The Excel Series offers classic rock guitar styling from the slab body to the drop headstock. The XL Deluxe features humbucker / single / humbucker pickups with double locking vibrato. The XL Standard features vintage style 6-screw mount vibrato and humbucker plus 2 single coil pickups. A coil-split switch is added to both models to give a single coil sound from the bridge humbucking pickup.

STG series

Vintage looks and value!

The STG series offers exceptional value, they are easy to play and are available in a choice of pickup configurations. All models feature solid alder bodies, with maple necks and rosewood fingerboards. The Deluxe models feature active mid boost circuit, great for soloing, pearl or tortoise pickguard and deluxe matt silver hardware. Our STG electric package includes everything you need to start playing in one convenient box. Make the right start with Aria STG series.

Full Acoustic Guitars

Aria FA series jazz guitars have been used by some of the greats of the jazz guitar world, artists such as Herb Ellis, Ike Issacs, Jim Mullen, Joe Pass, Cameron Pierre (Courtney Pine) and Larry Coryell have all trusted many performances to Aria guitars. The range is varied and includes a single floating pickup model (FA 71), a twin humbucker version (FA 65), a thinner body with vibrato (FA 80) and the FA 50E a non cutaway with floating pickup and trapeze tailpiece. For a more fusion style try the FA 75, featuring a smaller and slimmer body.

Thin Line Acoustic Guitars

We have been building our thinline semi-acoustic TA series since 1967. As popular as ever TA's are being played by a new generation of players.

The TA 40 features bolt neck construction and provides a cool look and great value. The TA 50 offers set neck construction for improved access to the higher frets. The TA 80 features half-cover humbuckers, fixed neck and vibrato. The TAB 66 bass completes the line up.

SBseries

The SB series, and the SB 1000 model in particular, is the most famous bass range we've ever made. If your wish is for the original SB design then look no further than the SB 1000RI. The SB 404 and SB 40 were designed to answer players' requests for an SB with a lighter body, whilst capturing the classic SB style and feel. We have achieved this by using the maple/nato 5 ply neck-through design in the SB 404, adding SB pickups and an active tone circuit. An Ovankol body and stained Natural finish make this bass unmistakably SB! Taking the classic SB body shape and using bolt neck construction we can offer the entry priced SB 40.

Options include active circuitry, fretless or 5 string necks, providing the best possible start to anyone new to bass playing, and an affordable introduction to 5 string or fretless playing for the more experienced player.

JOHN TAYLOR
(Duran Duran)

STB Series

The STB range offers exceptional value, they are easy to play and are available in a choice of models. All models feature solid alder bodies, with maple necks and rosewood fingerboards. The deluxe models feature active circuit, pearl pickguard and semi-enclosed machineheads. Make the right start with Aria STB series.

STB-GT Series

STB with a little extra... Flamed maple tops, see-through finishes, wood body binding, maple fingerboards, and active tone circuit. Available 4 string (STB GT4) or 5 string (STB GT5).

SWB Series

From the Aria Custom Shop comes the SWB series, specially designed for today's upright bass players.

The SWB range offers compact modern design and features the Fishman custom bridge piezo pickup, for a warm acoustic sound together with a fingerboard magnetic coil pickup for Hi-fidelity sound with a smooth, broad response. The active tone circuit provides full blend of the two pickups as well as individual string gain for each pickup, master volume, attack control, treble and bass. The SWB Lite delivers the same professional standard in a smaller body style, incorporating the same Fishman bridge pickup.

At Aria we constantly strive to achieve a higher level of excellence, quality and value for musicians. These values are particularly important to us when developing our range of guitar and bass amplifiers. We offer great sounding amps, which provide the tone and performance to encourage and inspire.

Guitar Amplifier

AG-35DSP Digital Sound Processor

- Power / 17W(RMS), 35W(peak)
- Speaker / 8"(20cm)
- Size / 525(W) x 440(H) x 210(D)mm
- Controls / Gain, Shape, Volume
- Volume, Treble, Middle, Bass
- Jacks / Input, Phone, Foot-switch, Line-In
- Switches / Power, Channel Select
- DSP / Short Delay, Delay, Flange, Chorus1, Chorus2, Room&Chorus, Room, Hall

AG-30REC Recorder Amp

- Power / 15W(RMS), 30W(peak)
- Speaker / 8"(20cm)
- Size / 525(W) x 440(H) x 210(D)mm
- Controls / Gain, Level(Distortion Channel), Level(Clean Channel), Treble, Middle, Bass Rec Volume, Digital Auto Tuner, A440Hz Oscillator, EZ Recorder(Start, Pause, Stop, Rec-Play, Single-Loop)
- Jacks / Input, CD-In, Headphone, Channel-Foot-Switch, Rec-Foot-Switch, Line-In
- Switches / Power, Channel Select
- Comes w/dual Foot-Switch

AG-20REC Recorder Amp

- Power / 10W(RMS), 20W(peak)
- Speaker / 8"(20cm)
- Size / 425(W) x 380(H) x 200(D)mm
- Controls / Gain, Volume, Treble, Middle, Bass, REC Volume, EZ Recorder(Start, Pause, Stop, Rec-Play, Single-Loop)
- Jacks / Input, Headphone, Rec-Foot-Switch
- Switches / Power, Overdrive On/Off
- Comes w/dual Foot-Switch

AG-30AT

- Power / 15W(RMS), 30W(peak)
- Speaker / 8"(20cm)
- Size / 450(W) x 410(H) x 205(D)mm
- Controls / Gain, Level(Distortion Channel), Level(Clean Channel), Treble, Middle, Bass, Presence, Digital Auto Tuner, A440Hz Oscillator
- Jacks / Input, CD-In, Headphone, Channel Foot-Switch, Line-In
- Switches / Power, Channel Select

AG-35RX

- Power / 17W(rms), 35W(peak)
- Speaker / 10"(25cm)
- Size / 410(W) x 440(H) x 245(D)mm
- Controls / Gain, Shape, Volume, Treble, Middle, Bass, Reverb
- Jacks / Input, Headphone
- Switches / Power, Channel Select

AG-25RX

- Power / 13W(rms), 25W(peak)
- Speaker / 8"(20cm)
- Size / 345(W) x 360(H) x 205(D)mm
- Controls / Gain, Volume, Treble, Middle, Bass, Reverb
- Jacks / Input, Headphone
- Switches / Power, Overdrive On/Off

AG-25X

- Power / 13W(rms), 25W(peak)
- Speaker / 8"(20cm)
- Size / 345(W) x 360(H) x 205(D)mm
- Controls / Gain, Volume, Treble, Middle, Bass
- Jacks / Input, Headphone
- Switches / Power, Overdrive On/Off

AG-20X

- Power / 10W(rms), 20W(peak)
- Speaker / 6"(15cm)
- Size / 315(W) x 310(H) x 190(D)mm
- Controls / Gain, Volume, Treble, Middle, Bass
- Jacks / Input, Headphone
- Switches / Power, Overdrive On/Off

AG-10X

- Power / 3W(rms), 6W(peak)
- Speaker / 4"(10cm)
- Size / 230(W) x 270(H) x 120(D)mm
- Controls / Gain, Volume, Treble, Bass
- Jacks / Input, Headphone
- Switches / Power, Overdrive On/Off

Bass Amplifier

AB-50

- Power / 30W(RMS), 50W(peak)
- Speaker / 12"(30cm)
- Size / 475(W) x 565(H) x 250(D)mm
- Controls / Gain, Volume, Presence, Treble, Hi-Mid, Lo-Mid, Bass
- Jacks / Input, Headphone, Line-Out
- Switches / Power, Hi/Lo Input Select

AB-30

- Power / 20W(RMS), 30W(peak)
- Speaker / 10"(25cm)
- Size / 410(W) x 440(H) x 245(D)mm
- Controls / Gain, Volume, Presence, Treble, Hi-Mid, Lo-Mid, Bass
- Jacks / Input, Headphone, Line-Out
- Switches / Power, Hi/Lo Input Select

AB-25

- Power / 13W(RMS), 25W(peak)
- Speaker / 8"(20cm)
- Size / 345(W) x 360(H) x 205(D)mm
- Controls / Volume, Presence, Treble, Middle, Bass
- Jacks / Input, Headphone
- Switches / Power, Hi/Lo Input Select

AB-20

- Power / 10W(RMS), 20W(peak)
- Speaker / 6"(15cm)
- Size / 315(W) x 310(H) x 190(D)mm
- Controls / Volume, Treble, Middle, Bass
- Jacks / Input, Headphone
- Switches / Power

A great range from simple to use multi-effects such as the AME 1 and ATM 1 to individual effect pedals, guitar tuners, strings and cables. Quality you can rely on.

Effect Pedals

AME-1 MULTI EFFECTS

- Effects / Overdrive, Distortion, Chorus, Digital Delay
- Controls / Overdrive/Distortion: Drive, Dist, Tone, Level
- Chorus: Depth, Speed, Level
- Digital Delay: Feedback, Short-Long, Time, Level, Master Level
- Switches / Effect Foot Switch, Bypass Foot Switch
- Power Consumption / DC9V
- Power Source / AC Adaptor(included)
- Size / 178(D) x 297(W) x 40(H)mm
- Weight / 740g

ATM-1 MULTI EFFECT WITH WAH PEDAL

- Effects / Distortion, Chorus, Wah
- Controls / Distortion: Level, Dist, Tone
- Chorus: Level, Depth, Speed
- Switches / Wah On/Off, Distortion On/Off, Chorus On/Off
- Jacks / Input, Output, DC Jack
- Power Source / 006P 9V battery or external DC 9V adaptor
- Size / 200(L) x 185(W) x 70(H)mm
- Weight / 2.2kg

HR-1 HARD ROCKER

- Effect / Distortion
- Controls / Level, Shape, Gain
- Power Source / 9V battery (included)
- Size / 125(L)x70(W)x58(H)mm
- Weight / 690g

MM-1 METAL MADNESS

- Effect / Hard Distortion
- Controls / Level, 3-band EQ (Low-Hi/Middle-Mid Freq.), Dist
- Power Source / 9V battery (included)
- Size / 125(L)x70(W)x58(H)mm
- Weight / 700g

TD-1 PLATINUM DRIVE

- Effect / Tube Distortion
- Tube / 12AX7A x 1
- Controls / Drive, Lo, Hi, Level
- Power Source / AC
- Size / 163(L)x100(W)x74(H)mm
- Weight / 1.1kg

AWP-1 WAH PEDAL

- Effect / Wah
- Power Source / External DC9V Adaptor
- Size / 252(L) x 100(W) x 69(H)mm
- Weight / 1.6kg

WD-1 WARP DRIVER

- Effect / Overdrive
- Controls / Level, Tone, Gain
- Power Source / 9V battery (included)
- Size / 125(L)x70(W)x58(H)mm
- Weight / 675g

CV-1 COOL VIBE

- Effect / Chorus
- Controls / Level, EQ, Rate, Depth
- Power Source / 9V battery (included)
- Size / 125(L)x70(W)x58(H)mm
- Weight / 700g

Tuner

TG-110 DIGITAL AUTO GUITAR TUNER

- Controls / Auto/Manual, Guitar/Bass, String, Flat
- Battery / 3V, 2 x AAA batteries(included)
- Size / 70(W) x 105(H) x 20(D)mm
- Weight / 100g

TG-110L with back light

TG-200 (Not available in U.S.A.) DIGITAL AUTO CHROMATIC TUNER

- Controls / Power, Calibration
- Battery / 9V, 1 x 006P battery(included)
- Size / 95(W) x 63(D) x 37(H)mm
- Weight / 90g

The Sandpiper

Sandpiper was designed to combine the feel, projection and tone of a traditional acoustic with the flexibility and handling comfort of a top class electro. The Sandpiper is equal to the task at home or in concert. Taking the concept further we have developed the ASP Acoustic Sandpiper, the same great design features, but with a deeper body to provide the projection required from a pure acoustic.

Elecord Series

The electro-acoustic Elecord range has been a mainstay of the Aria catalogue for over four decades and a firm favourite with artists such as Paul Weller. We refuse to compromise acoustic tone and use the best tone woods available. When it's necessary to plug in you can rely on the best pickups and preamps to amplify your sound.

Weight	1.9kg

Sinsonido offers a versatile guitar or bass for performance or practice. It can be played through headphones (supplied) or through your amplifier. The frame makes for comfortable playing seated or can be removed for playing standing, with a strap. The guitar is available in either nylon or steel string versions and the bass in either fretted or fretless. The Sinsonido packs into a supplied padded gigbag for ease of transport.

Stereo Condenser Microphone + Built-in Stereo Preamp

The secret behind Sinsonido's natural acoustic sound is in the innovative pickup developed by Wright Guitar Technology in the U.S. Two condenser microphones within the pickup sense the string vibrations in stereo, producing a more natural 3-dimensional acoustic guitar tone. The on-board battery powered preamp sends a clean and unaltered signal to the output.

AMB SERIES

AMB guitars are available in a variety of colours. We use moulded ABS for the one-piece back and sides, which helps to provide consistent tone projection, whilst we maintain all of the tonal qualities that only a wood top guitar can provide. There's also a bass version available, with either fretted or fretless neck.

AW, AF SERIES

Our range of Western and Folk steel string guitars have been developed from over 48 years of guitar building experience. We use a variety of tone woods from sources all over the world in the construction of these guitars. Twelve string, electro, cutaway and electro-cutaway versions are all available and we aim to make as many models as possible available in left hand option.

Concert Guitars

Developed personally by our president and founder Shiro Arai, the AC Series feature solid tops and are handcrafted in Spain, home of the Classical guitar. The culmination of over 50 years' experience in playing and designing classical guitars, they represent a life time of work and dedication to the guitar and guitar players. Built to exacting standards using the best tonewoods available. Flamenco, electro-cutaway, alto, bass and contra bass models are also available, with Pepe models for the younger beginner.

AM MANDOLINS

The Aria mandolin collection features great sounding instruments, with a vintage look and feel. There is a mandolin in the Aria range to suit all players from the beginners AM-200 to the professional, solid spruce topped AM-600. The AM-200E features a neck pickup, volume and tone controls for easy amplification. Aria banjos are made from the best quality components and feature Remo heads. The range includes 4, 5, and 6 string versions at prices to suit all pockets. The SB-100G 6-string banjo is tuned to normal guitar tuning and is a great introduction for the guitar player into the world of banjo playing.
